WORKSHOPI7 | Tabakhuis

Workshop17 Tabakhuis is a historical building in Paarl and forms part of the heritage area. The building was once used as a storage facility for tobacco which led to the naming of the property which we have transformed into a work and meeting place for a community.

Tabakhuis is centred around the social workspace within the café environment aimed to encourage idea generation, collaboration and sharing between startups, seasoned professionals, small and large companies, entrepreneurs and freelancers. Tabakhuis offers over 140 hot desks, 16 private offices, 4 semi-private offices, meeting rooms and boardroom along with a fully equipped seminar room located on the ground floor with easy access to the café.

Workshop17 Tabakhuis is located just off the Main Road in Paarl, close to the N1 highway making it the perfect location for meeting and seminars. Our events and meeting rooms are available for use by our members and public on the ground floor. Workshop17 members also receive discounts or credits to book these spaces, depending on the type of membership. The meeting spaces cater for a variety of meeting styles ranging from lounge configurations and boardroom style seating.
